SUGARLOAF IS CLEAN!

There are many more piles of bags on the island now and some of the old ones are bigger. Thanks to Corporal Jessica Kent and Major Sean D. Gibson who got the word out to the Marines and Navy. Thanks to the service members and families who helped out! You made it possible for us to finish up Sugarloaf Saturday. Without you, we never would have made it. We can go on now to explore and clean other rivers and waters. We hope you'll join us on some just-for-fun events, too.
