

Stewards of the White Oak River Basin **Elmer Eddy - The White Oak River Trash Man**

To the citizens of Belgrade and Maysville and vicinity:

February 22, 2004

In 2002 we cleaned The White Oak River and the nine Quarry Lakes of all trash and Litter.

We revisited the lakes last week and regret to report they are badly trashed again. We picked up a truck load of trash in a very short distance along the shore lines of the lakes.

We, Stewards of The White River Basin, are on the lakes again, right now, picking up trash all around the shoreline of all the lakes. When we get them clean again we will continue down the White Oak and clean the river up too. A lot of the trash washes out of the lakes and down the river.

We cannot continue to do this forever. We need your help to stop the trashing of the White Oak River

We are asking every business, club, church, school, and all other organizations, to join us to stop the trashing of the White Oak. We need every man, woman and child to help us in this fight against littering our beautiful river. Please remember, what is thrown out on the land and on the roads eventually washes into to the river.

Please write us and tell us you will help us to fight litter. Please have all your employees and/or members or students sign too.

IF NO ONE LITTERS, THERE WILL BE NO LITTER. It really is that simple.

Please help us so we all can enjoy the beauty of a clean country side and a clean White Oak River.

Sincerely, on behalf of The Stewards of The White Oak River Basin who are cleaning up the Quarry Lakes right now, today.

Elmer, The White Oak River Trashman
